## 2020-21 Phase Two: School Safety Report

### 2020-21 Phase Two: School Safety Report

---

## School Safety Diagnostic for Schools

Pursuant to KRS 158.162, the local board of education shall require the school council or, if none exists, the principal in each school to adopt an emergency plan that must be utilized in case of fire, severe weather, earthquake, or a building lockdown and that: establishes evacuation routes; identifies the best available severe weather zones; develops earthquake protocols for students; and, develops and adheres to practices controlling access to the school building. The emergency plan shall be annually reviewed by the council, principal, and first responders and revised as needed.

In addition to the emergency plan requirements in KRS 158.162, KRS 158.164 requires the local board of education to direct the school council or, if none exists, the principal in each school to establish procedures to perform a building lockdown and to invite local law enforcement to assist in establishing lockdown procedures.

KRS 158.162 also requires the emergency plan be discussed with all school staff prior to the first instructional day of the school year and provided, along with a diagram of the facility, to appropriate first responders. Further, the principal in each school shall conduct, at a minimum, the following emergency response drills within the first 30 instructional days of the school year and again during the month of January: one severe weather drill, one earthquake drill, and one lockdown drill. In addition, required fire drills shall be conducted according to administrative regulations promulgated by the Department of Housing, Buildings and Construction.

## Questions Related to the Adoption and Implementation of the Emergency Plan

1. Has the school council or, where applicable, principal adopted an emergency plan in accordance with local board policy and in compliance with the specifications in KRS 158.162(3)?

*If the answer is "no", please explain in the comment box. Please note that Senate Bill 1 (2019) amended KRS 158.162(3)(d) to require, for example, classroom doors remain closed and locked during instructional time as well as classroom doors with windows be equipped with material to quickly cover the window during a building lockdown. Schools are encouraged to comply with these changes as soon as practicable but, if needed, have until July 1, 2022 to fully implement. Accordingly, failure to comply with KRS 158.162(3)(d), as amended, should not be reported herein until the 2022-2023 school year and beyond.*

Yes. The Emergency Preparedness Plan is up-to-date. It will go through an annual review by SBDM in October 2020 in closed session. The plan has been updated with current information about emergency planning using guidance documents from

2. Has the school provided local first responders with a copy of the school's emergency plan along with a diagram of the school as required by KRS 158.162(2)(b)?

*If the answer is "no", please explain in the comment box.*

Yes. Our local first responders have been provided a copy of the most current version of the Emergency Preparedness Plan. Our first responders facilitate practice/drills at least twice throughout the year to ensure our plans work. Changes are made based on feedback during debrief after the practice.

3. Has the school posted primary and secondary evacuation routes in each room by any doorway used for evacuation as required by KRS 158.162(3)(a)?

*If the answer is "no", please explain in the comment box.*

Yes. Primary and secondary evacuation routes are posted in each classroom near the door. Staff and students practice both routes throughout the year.

4. Has the school posted the location of severe weather safe zones in each room as required by KRS 158.162(3)(b)?

*If the answer is "no", please explain in the comment box.*

Yes. This information is posted near the door in all classrooms/offices.

5. Was the school's emergency plan reviewed following the end of the prior school year by the school council, principal, and first responders and revised as needed as required by KRS 158.162(2)(c)?

*Please provide the most recent date of review/revision of the school's emergency plan in the district in the comment box. If the answer is "no", please explain in the comment box.*

Yes. Our plan is reviewed annually by SBDM, local first responders and school staff. The groups do this at various times throughout the year to ensure information is current.

6. Did the principal discuss the emergency plan with **all** school staff prior to the first instructional day of the current school year and appropriately document the time and date of such discussion as required by KRS 158.162(2)(d)?

*Please provide the date the school completed this discussion in the comment box. If the answer is "no", please explain in the comment box.*

Yes. This occurred on Opening Day with staff.

7. During the first 30 instructional days of the current school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5)?

*If the answer is "no", please explain in the comment box.*

Staff has reviewed all routes and plans. Students are learning remotely. Practice with students will occur once students are in-person.

8. During the month of January during the prior school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5)?

*If the answer is "no", please explain in the comment box.*

Yes. All plans were practiced in January 2019.

9. Over the immediately preceding twelve months, did each school within the district conduct fire drills in accordance with administrative regulations promulgated by the Department of Housing, Buildings and Construction as required by KRS 158.162(5)?

*If all schools in the district did NOT meet the requirement, respond "no" and please explain further in the comment box.*

Yes. All practice was completed as defined in our policies.
